Carl Gee, Jr.

Why does the candidate wish to be a NAMC Board Member?

I want to be a board member to truly continue the progress that our group has already made in the city. I can contribute a different level of access to construction rental industry that all members may not know or understand

Why would the candidate be an asset to NAMC by serving on the Board?

NAMC is about getting 38% on every job. I can help assure that. As a black man working for a rental company, I'm asked all the time for different trade referrals. I'd love to extend those opportunities to our members.

What does the candidate want to accomplish during his/her two-year term?

I want to educate our members on how the rental industry works. How to maximize their rental spend for rebates. Financing equipment purchases. Partnering with rental company to control job budgets. Give a look behind the veil
